GOAL NINE: Meet the housing needs of all Essex residents

- **To achieve this goal, the Essex SPC recommends the Town take the following actions:**
- a) Adopt a Mixed-Use Zoning By-Law (2nd floor residential over commercial) to enable better utilization of already developed land.
- b) Allow “in-law” apartments (through zoning change).
- c) Examine affordable housing needs of current Essex residents.
- d) Determine how best to support housing using CPA funds.
- e) Consider partnering with neighboring communities on a joint housing plan
- f) Conduct a market analysis for the Town.
- g) Apply for grant funding for housing studies.
- h) Explore ways to reduce costs for homeowners, including energy cost savings through MassSave free home energy audits.
