6 Lufkin Point Lane, Schreiber, Map 109, Lot 10: Dr. Driscoll entertained a motion for the Board to sign and send a letter to Schreiber, 6 Lufkin Point Lane, stating that the Board is in agreement with the determination of inspector Robert Herrick, that the system passed the 10-24-18 Title 5 inspection. However, the inspector noted that the property has a water softener and garbage grinder discharging into the septic tank. Discharge of backwash from a water filtration or purification device to an on-site wastewater system is in violation of 310 CMR 15.00(8). The Board recommends that the garbage grinder be removed and the water softener discharge be redirected to comply with 310 CMR 15 and 310 CMR 27, and to prevent premature failure of the system.
